Appendix  
Commonly Used Terms and Abbreviations

**Absences**

Please call the school health office before 8:20 AM for a morning or all-day absence or before 12:15 PM for an afternoon absence (11:55 on Wednesdays). If a student does not report to school, and we have not been notified of an absence, the attendance office will call each person listed on the student’s emergency contact list. The parent must call each day that a student is absent unless the parent notifies the school that the student will be absent for a certain number of days. If we are unable to contact anyone regarding an absent student by 10:00 AM or 1:00 PM, we may notify the police to assist us in locating the child.

Regular attendance in school and on time school arrival are essential to developing a pattern of academic success. The Illinois School Code, Section 5/26-2a, defines valid causes for school absences as “illness, observance of a religious holiday, death in the immediate family, family emergency, and shall include such other situations beyond the control of the students as determined by the board of education in each district, or such other circumstances which cause reasonable concern to the parent for the safety or health of the student. The law further defines chronic or habitual truancy as a child who is absent without valid cause from such attendance for 5% or more of the previous 180 regular attendance days.” This means that a student can be considered truant for missing 9 days of school without valid cause for any 180-day segment.

If a student shows a repeated pattern of absences or tardies, the absences may be considered unexcused and the principal may require a physician’s excusal from school before the student will be offered make-up work or given an opportunity to retake tests. For students with a pattern of non-attendance, our teachers will work with parents to try to pinpoint the reason for the absences and take steps to return the student to regular attendance.

**Accident/Illness at School**

In case of an accident or illness at school, first aid will be administered. The parent or person designated on the student’s emergency contact list will be contacted to come for the student in the event the student should not remain at school. Students will only be released

to persons listed on the student emergency contact form. If the parent or emergency contact cannot be reached and medical attention is urgent, paramedics will be summoned and the district nurse, the health aide or the principal will accompany the student to the hospital. It is absolutely essential that the school be notified of any change in contact information occurring during the school year. Without current information, we may be unable to reach you if illness or an emergency occurs.

### **Accident Insurance**

Our School District has purchased Student Accident Insurance Coverage on your child's behalf. This program provides coverage for your child for any injuries incurred while participating in any school sponsored and/or supervised activity, including athletics. Aside from the school sponsored coverage that the District has provided on your student's behalf, the program administrator is also offering 24-hour unlimited Dental Accident coverage and also 24-hour coverage that provides protection during vacation, weekends, and the time school is not session. Brochures and applications are available through the district office.

### **After School**

Teachers may request that a student remain after school for up to fifteen minutes for reasons such as homework check-out or other organizational assistance, assignment completion, make-up lessons from absences, or individual conferences. If this after school time is to be longer than fifteen minutes, parents will be notified by phone.

If a student forgets homework or items in their locker or classroom they may only return to retrieve them until 4:00PM on any school day. It is advised to call ahead before returning to school. No students are allowed to return to return to classrooms on Wednesday early dismissal after 2:30PM.

All students are expected to be off school property after dismissal unless their parent is present. The playground equipment is reserved for BASE students only. Half day kindergarten students may not use the playground equipment before or after their session.

### **Arrival/Dismissal**

The morning session will start at 8:20 A.M. Students should plan their arrival to school between 8:10 A.M. and 8:15 A.M. Students may enter after 8:15 A.M. and go directly to their classes. Parents are requested to please not send children to school before 8:10 A.M.

Home for Lunch students who go home for lunch or eat lunch away from school are requested not to return until 12:10 P.M. (11:50 on Wednesdays). At that time they may enter the building and go directly to their classrooms. Students returning early at lunch time will not be allowed on the playground. See "Tardy" section. Please see section on "School Hours" also.

Student entrance procedures will continue as previously in effect between 8:10 and 8:20 a.m. and 12:05 and 12:15 p.m. (11:50 on Wednesdays) under the supervised monitoring of school personnel and student safety patrol students. All tardy students arriving after 8:20 a.m. and 12:15 p.m. (11:55 on Wednesdays) will have to enter via the main Waiola entrance

and report to the Health Office for an "Admit Slip" to class. Student departures at lunch and the end of the day continue with their assigned grade level exits:

- Grades 1-6 use the east Spring Avenue playground exits – Door 7 or Door 10
- Kindergarten uses the northwest Waiola Avenue exit – Door 2
- Students with bicycles use the west Waiola Avenue bicycle lot exit – Door 13

### **Art Enrichment Program**

Many parents volunteer their time through our PTC/PTO to our Art Enrichment Program. They go into the classroom once a trimester and teach children about various artists and paintings and students create a work of art in that style.

### **Asbestos**

The district submitted asbestos inspection and management plans to the Illinois Department of Public Health for each building. The results of the inspections indicate that all buildings are safe, although the district will continue to remove and repair damaged asbestos as necessary. The inspection reports may be reviewed by contacting the district office.

### **Assessments**

Assessments are used to inform instruction to help improve teaching and learning. Standardized assessments include the Measures of Academic Progress (MAP) test administered to all students in kindergarten through eighth grade in the fall of each year in the areas of reading and mathematics, and the state required, PARCC (Partnership for Assessment of Readiness for College and Careers), which is administered to all students in third through eighth grade in the spring of each year to determine progress on the Illinois Learning Standards (Common Core State Standards) in the areas of English Language Arts and Mathematics.

### **Authorized Use Policy**

Each year, students and their parents and/or guardians are asked to sign a form regarding student use of the district's network, including Internet access. Even though the district takes precautions to eliminate controversial material, it is impossible to restrict access to all controversial and inappropriate material. The form indicates that students and parents hold responsibility for supervision of the network when it is used outside the school setting. Only students whose parents request access to the network by signing the form will have access.

### **Band and Orchestra**

Band and orchestra are offered to all students in grades 4-8. Band and orchestra members receive one small-group lesson per week in their home schools and one large-group rehearsal per week at Park Junior High School. There are five levels of band: Beginning, Intermediate, Cadet, Concert and Jazz. There are three levels of orchestra: Beginning, Intermediate and Advanced.

Please note that it is the child's responsibility to get their homework assignments from their teachers at the end of the day and not interrupt teaching upon their arrival. Students are expected to demonstrate understanding of work missed for any tests or quizzes etc. Instruments are a costly investment. Please reinforce the importance of carefully storing instruments in the shelving provided at school. Students will have an opportunity to practice safe storage at the beginning of the school year.

### **Before and After School Care**

For 2018-19, parents have two options for before and after school care in grades K-6. BASE (Before and After School Experience) is supervised by the Park District of LaGrange. For additional information, please contact the Park District of LaGrange at 352-1762. Right at School is a private provider contracted by the school district. Additional information is available at [rightatschool.com](http://rightatschool.com) or by calling 855-287-2466.

### **Bicycles At School**

Students in grades 3 - 6 may ride bicycles to school under the following provisions and upon completion of the Bike Safety Program offered each fall:

- ***Wearing a bicycle helmet is strongly encouraged.***

Bicycle is encouraged to be registered with the village.

- Each student must have his or her own lock.
- The school will assume no responsibility for lost or damaged bikes.
- Proper bicycle safety is adhered to.
- Student successfully participates in the Annual Bike Safety Program.

See All Bike Norms listed in the August School Newsletter.

### **Birth Certificate**

A certified birth certificate is necessary to register as a new student in District 102. In order to trace missing children, District 102 is required by law to notify the police if a parent attempts to register a child without providing a valid birth certificate.

### **Birthday Celebrations**

Due to many student food allergies and the time birth celebrations take away from instruction, we do not celebrate birthdays. Please do not send birthday treats. An alternative that we suggest is for each family send a new or gently used birthday book that can be donated to the classroom library. Weekly announcements include students' birthdays.

### **Blood Borne Pathogens, HIV/AIDS/Universal Precautions**

The district has an Exposure Control Plan for blood borne pathogens. It provides:

- (1) annual inservice to all staff members on blood borne pathogens,
- (2) the practice of universal precautions to prevent the spread of HIV/AIDS, hepatitis B and other blood borne pathogens, and
- (3) Hepatitis B vaccine free of charge to those employees in job categories which make it likely they will come in contact with blood or other potentially infectious materials.

The following are the universal precautions practiced in the district:

1. Rubber gloves are available to and worn by personnel in cleaning up blood and body fluid spills.
2. Good handwashing, using soap and running water, after exposure to body fluids (including routine use of the toilet) are taught and observed.
3. Open lesions on students and staff are covered if possible.
4. Soiled surfaces are promptly cleaned with approved disinfectants.
5. All disposable materials, including gloves, are disposed of in a sealed plastic bag. Body fluid may be disposed of through the normal sewage system.

### **Board of Education**

The Board of Education, the elected governing board of the district, meets one or two Thursdays per month during the school year at 7:00 PM. Open meetings are generally preceded by a closed session at 6:30 PM. Board members are unpaid and serve overlapping 4-year terms. Board elections are held in April of odd-numbered years. The public is welcome at all board meetings. A current list of board members and board meeting dates are on the district website.

### **Buddy Classroom**

As part of our school-wide community building, each student is paired with a buddy in a buddy classroom. Buddies meet periodically throughout the school year to work on projects together, read to one another, share stories or socialize. Having a buddy in the school helps build connections between grade levels and helps create a sense of family.

### **Building Security Procedure**

To better secure the health, safety and well-being of our children, the following procedures are in effect:

- ALL doors to Ogden Avenue School are locked during school hours.
- ALL Visitors should ring the buzzer at the Waiola Avenue door and identify themselves.
- ALL visitors must register in the main office upon entering the building and wear an identifying nametag.

Again, the only public access to Ogden School will be via the main Waiola Avenue office area entrance between 7:00 a.m. and 4:00 p.m. BASE parents who pick up their children after school will be required to use a doorbell system that is activated and monitored by the BASE staff between the hours of 4:00-6:00 p.m. The BASE doorbell/entrance is the kindergarten door on Waiola Avenue.

### **Bus Transportation**

The Board of Education offers transportation to and from school to qualifying students. Eligible bus riders live more than 1.5 miles from school or in an area where walking to school involves a serious safety hazard that is not attended by a crossing guard. Serious safety hazards are generally busy roadways and railroad crossings. The annual fee for this service is \$300. Students who are not qualified for transportation services may ride the

bus for an annual fee of \$500.

Students receiving special education services who attend buildings outside their attendance areas receive free transportation to and from school. Band and orchestra students receive bus transportation to their home school after early morning practice. Full day kindergarten students attending Barnsdale may ride the shuttle bus from and to their home school at no cost.

Failure to observe the rules of behavior can result in loss of the privilege of riding the school bus. Please review the following information and bus behavior standards with your child(ren). These procedures and behavior expectations will be in effect whenever your child(ren) rides the bus. This includes all field trip bus rides.

### ***School Bus Safety Procedures***

(1) Students are asked to be especially careful as the bus approaches and not move toward the bus in an attempt to board until the bus has come to a complete stop and the door opened for them.

(2) If it is necessary to cross the street when getting off the bus, students should walk 10 feet in front of the bus before attempting to cross. This is especially important for primary age children so they can be clearly seen by the bus driver.

(3) When entering the bus, students should not push or shove. Students should use the handrail and move quickly to their seat. Once in their seats, students are expected to remain seated until the trip has been completed.

Procedures

(4) Kindergarten students riding to and from school by themselves (not accompanied by an older sibling) must be met by a parent/guardian at the bus stop each day. If the bus arrives at a stop and the driver does not see a parent/guardian, the student will be returned to his/her home school to be picked up by their parent/guardian.

(5) While waiting for the bus, students are expected to conduct themselves in an orderly manner, remain on the parkway and stay out of the street.

(6) Students should keep books, packages, coats, band instruments and lunches out of the aisle. Be sure to take all belongings when leaving the bus.

(7) In the event of an emergency, students should follow the instructions of the driver.

### ***School Bus Behavioral Expectations***

(8) Bus riders are under the jurisdiction of the bus driver during the loading, unloading and riding portion of their trip. He has the authority to change and/or assign students to specific seats. Students are expected to respond to his instructions with the same obedience, courtesy and respect given to teachers and parents. Disrespect and back talking to the driver will result in disciplinary measures and possible loss of riding privileges.

(9) Students are required to keep hands, arms and head inside the bus at all times. Throwing objects out of the bus window is strictly forbidden.

(10) Students are asked to please assist in keeping the bus safe and sanitary by not eating or drinking on the bus. Students are also expected to treat the bus equipment in a

respectful manner. Students found to be responsible for damage or vandalism will also be responsible for the cost of repairs.

(11) Students are expected to demonstrate basic courtesy and self-control with regard to fellow students. Name calling, profanity, unnecessary noise, throwing things, shooting rubber bands, smoking, lighting matches, fighting, pushing or shoving and bullying other students is strictly forbidden.

(12) Major offenses will result in disciplinary action from the school and/or temporary forfeiture of riding privileges. School bus drivers have been trained to report school bus infractions in writing to both the bus company and the school.

### **Chronic Infectious Diseases**

In the event that a student or staff member should develop a chronic infectious disease such as HIV disease, AIDS, congenital rubella syndrome, cytomegalovirus infection (CMV), herpes simplex or hepatitis B, decisions regarding placement will be made on an individual basis. (Please see Blood Borne Pathogens/HIV/AIDS).

### **Communicable Diseases**

According to the rules of the Illinois Department of Public Health and District 102, children must be kept out of school if they have the following illnesses:

Chicken Pox - At least six days after the onset of the skin rash, or until the scabs are crusted.

Measles - At least 5 days after the onset of the rash. Students with measles should have a physician's permission to return to school.

Mumps - Seven days, or until all swelling is gone.

Strep Infection - At least 24 hours after antibiotics have been started.

Skin Rashes - Until they are diagnosed.

Conjunctivitis (pink eye) - At least 24 hours after medication has been started.

Fever and Vomiting - A student who has a cold, sore throat, earache, upset stomach, or a temperature of 100 degrees should not be sent to school and should be kept home for 24 hours following fever and vomiting.

Fifth Disease - A lace like rash with reddened cheeks; no need to miss school unless the student has a fever. Rash may come and go for days. Notification to the health office is necessary. Notification of pregnant staff and parents will occur if there are multiple cases.

Parents should notify the school if a child has a communicable disease; the school in turn will notify parents when their child has been exposed to a communicable disease.

### **Communication**

Parents may call each of the district schools at any time and leave a voicemail message. All teachers have a voicemail box. Staff phone extensions may be found on the district web site. Please note that teachers may not be able to check their voicemail box until the end of the school day, but will make every effort to return calls as soon as possible. If your call is an emergency or is time sensitive, please leave a message with the school secretary. It is appreciated if you could make only necessary calls by 3:00 PM on M, Tu, Thu, F, and 2:15 on

Wed. If a call is received to get a message to a child in the last fifteen minutes of the school day we cannot necessarily guarantee they will get it.

Staff may also be reached by e-mail. The e-mail address for each staff member can be found in the staff directory available on the district website. Information about School District 102 can be found on the district website: [www.dist102.k12.il.us](http://www.dist102.k12.il.us)

### **Conduct Expectations for Students**

The student conduct expectations at Ogden Avenue School can be summarized in the following three tenets: Take care of yourself. Take care of each other. Take care of this place.

School is a place to learn and practice academic concepts and skills. It is also a place for students to learn and practice appropriate behavior. Appropriate student conduct is based, to a large degree, upon students learning to exercise self-discipline, learning to respect the rights of others and following reasonable rules and regulations to ensure success for themselves and those around them in school.

The staff strives to create a learning atmosphere within the school as well as outside the school when students are under its direct supervision. A good school climate maintains working conditions conducive to learning. Below are the guidelines for student expectations:

- Students are expected to be in their classes on time with the necessary materials, to give the teacher their attention, and to complete their work promptly, accurately, honestly and neatly.
- Students are to respond appropriately to the directions or requests of the school staff, both in the school and at school-sponsored activities.
- Students must remain after school if requested to do so by a school staff member.
- Students are expected to act appropriately in school or on school grounds, including extra-curricular events, by refraining from kissing, hand holding and unsolicited physical contact.
- Students are expected to be present and on time for school daily.
- Students are expected to be dressed and groomed in a manner that meets reasonable standards of health, cleanliness and safety, and which does not detract from the educational process.
- Students are to exercise care with regard to the property of others including school property. Proper care should be given school lockers that are the property of the school district and are subject to periodic inspection.
- Students are not to use libel, slander, vulgarity or obscenity in their verbal or written expression, or in their gestures.
- Students are not to possess at school, or bring on school grounds, items that may be dangerous or disruptive to the educational process. The school is not responsible for loss or damage to these items when brought on school grounds. Such items will be confiscated and returned at the discretion of the school administration.

- Students are not permitted to sell anything unless the sale is school sanctioned.
- Students are not to possess or chew gum at school. Candy will be allowed during lunch period and when sold at school activities.
- Students are expected to walk (not run) and to avoid disruption or excessive noise in the halls and classrooms. Students are to be in their assigned areas, and to have passes when not in class.
- Students are expected to comply with all other school rules established by school personnel for student conduct.

### **Curriculum**

The District 102 core curriculum consists of reading, writing, mathematics, science, social sciences, health/safety, physical education, art, music and world languages. A differentiated curriculum is provided for students whose needs are not met through the regular academic program. Additional information is available on our district web page or contact the Assistant Superintendent of Curriculum and Instruction.

### **Dress Code**

While there is no formal dress code, parents are asked to be sure that students are dressed appropriately for school. It is especially important that students are dressed warmly in the winter since they may go outside during P.E. and for lunch recess. Students may not wear clothes or accessories that are distracting to other students or disruptive to the educational process, or any item, which may somehow threaten the health or safety of other students. Hats are not worn indoors.

Examples of inappropriate clothing include tee/sweatshirts, caps, etc. with profanity, vulgarity and drug/alcohol related advertisement. Appropriately modest shorts (mid-thigh or longer, no short shorts) and shirts (no bare midriff, deeply scooped tops or spaghetti straps) may be worn in warm weather. We ask that athletic shoes be worn during all physical education classes. Roller shoes are prohibited. We discourage flip flops for safety reasons.

If inappropriate clothing is worn to school, or a school sponsored event, we may offer alternate clothing or call home to have something brought to the office.

### **Early Dismissal Requested by Parents**

Students may be dismissed early from school on a regular basis only with the permission of the superintendent. In order for a student to be dismissed early on a given day, the parent must send a note to the principal stating the reason, date and time of dismissal. Students will not be dismissed from school to anyone other than a parent or guardian without the parent's written permission. Parents need to allow time to come to school and sign their child out. After the parent arrives, the student will then be called down from class.

### **Electronic Devices/Cell Phones**

Student use of electronic equipment including, but not limited to, cell phones, “smart” watches, paging devices, games, and music players while in a school building is prohibited. All electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student’s individualized education program (IEP) or 504 plan; or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals. Student use of audio listening devices while at school is restricted to listening to instructional materials during class time under the direction of the teacher. The school cannot be responsible for the damage or loss of such items.

Possession or use of laser pointers is prohibited at all times. Electronic devices, including cell phones, that disrupt learning may be confiscated and the parent will be asked to pick them up from the office.

### **Emergency Closing**

When schools are closed because of an emergency, the district will initiate an automated phone message to parents. Please be sure to keep your phone number updated with the school office. You may also listen to radio stations WGN-AM 720 or WBBM-AM 780. Parents are encouraged to also check the District 102 website at: [www.dist102.k12.il.us](http://www.dist102.k12.il.us) for immediate and updated information.

### **Equal Educational Opportunities**

Equal educational and extracurricular opportunities shall be available for all students without regard to color, race, nationality, religion, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, order of protection status, actual or potential marital or parental status, including pregnancy. Further, the District will not knowingly enter into agreements with any entity or any individual that discriminates against students on the basis of sex or any other protected status.

### **Extracurricular Activities**

The PTC provides a foundation level of funding for extracurricular activities each school year. There may be a small fee for participation in certain activities. Typically we are able to offer the following:

Battle of the Books – Grade 4

Chorus – Grades 5 & 6

Homework Club - Grades 3-6

Math Club – Grades 3 through 6

Drama Club – Grades 5 & 6

Student Council – Grades 4, 5 & 6

Green Team – Grades 2, 3, and 4

Safety Patrol - Grade 6, no fee charged

Other extra curricular opportunities are offered through the collaboration between the

Ogden school administrators and the Right at School program.

### **Fees**

A yearly fee is charged for textbook rental, purchase of a calculator, technology and other materials. At the end of the school year, the district submits names of parents with outstanding fees to a collection agency. If you have a financial difficulty with a fee, please contact the office. It is possible to arrange payment schedules.

### **Fees - Insufficient Funds**

There are many fees and purchases throughout the school year that may be paid by check, cash or money order. If two or more checks are returned for insufficient funds or closed accounts, the school reserves the right to require that all future payments be made in cash or by money order.

### **Fee Waivers**

Fees for textbooks are waived for those students who meet state and federal guidelines for free or reduced-price lunches. These fees are also waived for students whose families experience a significant loss of income due to severe illness, injury, death or damage/destruction of their home. If a request for waiver of fees is denied, parents have the right to appeal the decision to the District 102 Business Office, who will notify parents of the appeal decision within 15 calendar days. Application forms are available at the time of registration and in the main office.

### **Field Trips**

Field trips are planned as an integral part of the learning program and approved in advance by the principal. Parents are notified in advance of the time, date and place of the event.

Parents must sign permission slips prior to field trips giving the following information:

- emergency phone number for the day
- medical concerns and medication required by a child while on a trip

### **Food Allergies**

While it is not possible for the District to completely eliminate the risks of exposure to allergens when a student is at school, a Food Allergy Management Program using a cooperative effort among students' families, staff members, and students helps the District reduce these risks and provide accommodations and proper treatment for allergic reactions.

The Superintendent or designee shall develop and implement a Food Allergy Management Program that (1) fully implements the following goals established in the School Code: (a) identifying students with food allergies, (b) preventing exposure to known allergens, (c) responding to allergic reactions with prompt recognition of symptoms and treatment, and (d) educating and training all staff about management of students with food allergies, including administration of medication with an auto-injector, and providing an in-service

training program for staff who work with students that is conducted by a person with expertise in anaphylactic reactions and management; (2) follows and references the applicable best practices specific to the District's needs in the joint State Board of

Education and Ill. Dept. of Public Health publication Guidelines for Managing Life-Threatening Food Allergies in Schools; and (3) complies with State and federal law and is in alignment with Board policies.

### **Harassment Prohibited**

The district will not tolerate harassing, intimidating conduct, or bullying whether verbal, physical, sexual, or visual, that affects the tangible benefits of education, that unreasonably interferes with a student's educational performance, or that creates an intimidating, hostile, or offensive educational environment. Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

### **Sexual Harassment Prohibited**

Any person, including a district employee or agent, or student, engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student's academic status; or
2. Has the purpose or effect of:
  - a. Substantially interfering with a student's educational environment;
  - b. Creating an intimidating, hostile, or offensive educational environment;
  - c. Depriving a student of educational aid, benefits, services, or treatment; or
  - d. Making submission to or rejection of such conduct the basis for academic decisions affecting a student.

The terms "intimidating," "hostile," and "offensive" include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities.

The term sexual violence includes a number of different acts. Examples of sexual violence include, but are not limited to, rape, sexual assault, sexual battery, sexual abuse, and sexual Coercion.

**Making a Complaint; Enforcement**

Students are encouraged to report claims or incidences of bullying, harassment, sexual harassment, or any other prohibited conduct to the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, or a Complaint Manager. A student may choose to report to a person of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined.

An allegation that a student was a victim of any prohibited conduct perpetrated by another student shall be referred to the Building Principal, Assistant Building Principal, or Dean of Students for appropriate action.

The Superintendent shall insert into this policy the names, addresses, and telephone numbers of the District's current Nondiscrimination Coordinator and Complaint Managers. At least one of these individuals will be female, and at least one will be male.

### **Homeless Children**

Both Illinois and federal law – the Illinois Education for Homeless Children Act and the federal McKinney-Vento Homeless Assistance Act – require school districts to provide assistance to homeless children and youth. Please contact the district homeless liaison at 482-2400 for further information and assistance.

### ***Homework***

Homework is assigned for educational purposes, not punishment, and requires the cooperation of teachers, students and parents. Students in grades 3 through 8 use assignment notebooks to assist in the development of their personal responsibility for the completion of home assignments. The assignment notebooks also serve as a communication tool between home and school.

If at any time you feel your child is working too long on their homework, please contact the child's teacher. As a rule of thumb, 10 minutes of homework each night multiplied by the grade level (i.e. 3rd grade = 30 minutes). Parents should help by encouraging students, but keep in mind it is the child's homework – not the parent's. Homework may not be faxed to the school office.

We encourage reading 20 minutes each day in addition to any homework assigned at the grade level. Reading to your child can be counted into the 20 minutes. Reading to a child helps them develop vocabulary, gives them background knowledge, exposes them to more difficult age- appropriate materials and creates a special family time together.

### **Kindergarten Entrance and Placement**

A child must be five years old on or before September 1 in order to enter kindergarten. In order to enroll a child for kindergarten, parents must present a certified birth certificate, a physical examination, proof of required immunizations, proof of lead screening, and proof of residency. Assignments to morning, afternoon or full day kindergarten will be made by district administration. The priority is to provide the best educational environment for each student as well as balanced classes.

### **Kindergarten Parent Information Night**

Kindergarten information nights are held yearly for parents of incoming kindergarten students. Information will be shared regarding kindergarten readiness and district program options for kindergarten students. The dates are on the school calendar on our website. We encourage all parents to attend this meeting whether a first child entering school or a sibling of a child already enrolled.

### **L.A.D.S.E.**

The LaGrange Area Department of Special Education is a multi-district cooperative that provides classes and services for district students both within District 102 schools and in

neighboring districts. (Please see Special Education.) If you have any questions regarding special education please call Ms. Teresa Sofianos, Assistant Superintendent of Special Education.

### **Learning Resource Center (LRC)**

The Learning Resource Center is the center for learning using both print media and technology. Each LRC is staffed with a full-time school library media specialist who supervises the print collection, the audiovisual collection, as well as a full-time learning resource services assistant.

### **Lockers and Desks**

To maintain order and security, school officials may inspect and search places and areas such as lockers, desks, parking lots and other school property and equipment owned or controlled by the school as well as personal effects left in such places and areas by students. The Illinois School Code provides that students have no reasonable expectation of privacy in these places or areas or in their personal effects left in these places and areas. These searches may be without notice to, or the consent of, the student or the student's parents and without a search warrant. School officials may also request the assistance of law enforcement officials in searches, seize items which evidence violations of law, local ordinances or school policies or rules and take appropriate disciplinary action. Evidence of violation of the law or local ordinances may be turned over to law enforcement authorities.

### **Lost and Found**

Students should have their major items of clothing and school supplies labeled, particularly coats, hats, gloves and boots. Students should check the Lost and Found frequently. Any small valuable items such as glasses, wallets, jewelry, are generally turned into the office and held until the end of the school year. Any items not claimed in a reasonable timeframe will be given to a local charity for distribution. Please check with the office for the location of the Lost and Found.

### **Lunch**

Students staying for lunch are expected to maintain exemplary lunchroom and playground behavior.

If your child is going home for lunch, we do require that you note this in PowerSchool. ***Only students who are registered in PowerSchool by 9:30AM will be permitted to go home for lunch.*** This will allow our secretaries ample time to compile the list of students who are going home. [Click here for instructions.](#)

If a student reports they are going home for lunch, but are not on the PowerSchool list, the office will make a phone call home to confirm with a parent. ***If we are unable to confirm parent permission that the child is going home, that child will not be permitted to leave the***

***school during the lunch hour.***

If you do not have computer access in the morning, please call or email the office by 9:30am to let us know your child will be going home: [peterpsonpo@sd102.net](mailto:peterpsonpo@sd102.net).

Students who go home for lunch are expected to return to school promptly at 12:10 p.m. On Wednesdays students need to return by 11:50 a.m. Students who arrive early will need to remain on the bench by the office until the bell signifying the end of the lunch and recess period.

Commercial lunches, such as McDonald's, are NOT allowed. If a child is brought this type of lunch, they will eat in the office. Students may NOT leave school to eat at any commercial restaurant unless signed out by their parent in the office, and accompanied by the parent at the restaurant.

Moist towelettes are provided to each student at lunch as part of the district's campaign to improve hygiene. Students are expected to use them.

Following an illness a student will be allowed to remain indoors for a period of three days with a parental note. A note from a physician will be required beyond that time and/or in recurring situations.

Glass bottles or containers are NOT allowed.

**Lunch Hour Code of Conduct**

Lunch room and playground supervisors will be assigned by grade levels. Grades 1-3 will eat first and then proceed to recess. Grades 4-6 will have recess first and then transition to the MPR for lunch.

Students are expected to display sportsmanship, courtesy, respect and proper conduct toward fellow students while eating and during the recess period. It is also expected that students display courtesy, respect, and cooperation toward their lunch hour supervisor.

Failure to meet the expectations of lunch or recess time may result in a Minor or Major discipline referral.

**Make-Up Work**

Students who miss class work because of illness or school activities are expected to demonstrate an understanding of the missed work. After two days of an excused illness, parents may request homework assignments for a child by calling the school office one day in advance of expected pick up. Homework assignments will only be issued after the second day of an excused illness. Students will have as many days as they were absent to make up the missed assignments. All assigned make-up work will carry the same grade weighting as when originally assigned.

Parents are strongly discouraged from taking students out of school for vacations and teachers are not required to provide detailed assignments for those students. Students will be allowed to bring their textbooks home and work ahead on their own. Excused students will be given the opportunity to make up missed assignments when they return. Students are not expected to make up work that is missed due to the observance of religious Holidays.

### **Medication at School**

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

No School District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed "School Medication Authorization Form" is submitted by the student's parent/guardian. No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

### ***Self-Administration of Medication***

A student may possess an epinephrine auto-injector and/or asthma medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form. The School District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must indemnify and hold harmless the School District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or medication, or the storage of any medication by school Personnel.

### ***School District Supply of Undesignated Epinephrine Auto-Injectors***

The Superintendent or designee shall implement Section 22-30(f) of the School Code and maintain a supply of undesignated epinephrine auto-injectors in the name of the District and provide or administer them as necessary according to State law. Undesignated epinephrine auto-injector means an epinephrine auto-injector prescribed in the name of the

District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated epinephrine auto-injector to a person when they, in good faith, believe a person is having an anaphylactic reaction.

This section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated epinephrine auto-injectors from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District's prescription for undesignated school epinephrine Auto-injectors.

Upon any administration of an undesignated epinephrine auto-injector, the Superintendent or designee(s) must ensure all notifications required by State law and administrative procedures occur.

Upon implementation of this policy, the protections from liability and hold harmless provisions as explained in Section 22-30(c) of the School Code apply.

No one, including without limitation parents/guardians of students, should rely on the District for the availability of an epinephrine auto-injector. This policy does not guarantee the availability of an epinephrine auto-injector; students and their parents/guardians should consult their own physician regarding this medication.

### **Parent/Teacher Conferences**

Regular conferences are scheduled twice a year. The first conferences are held in

November after the first marking period and parent(s) should attend. If the parent cannot attend the conference on this dedicated day, they may inform the teacher where they can be reached by phone during an open time slot on that day and a phone conference will be held. It is up to the availability and discretion of the teacher to hold an off day conference which must be after 7:00 AM and before 4:00 PM. It is strongly encouraged that parents arrange their schedules and family vacations around the dedicated conference day in November.

The second round of conferences is scheduled near the end of the second trimester. Conferences are only held with the child's parents and/or guardian unless otherwise directed. Students are encouraged to attend conferences and be part of setting goals for their improvement. Parents are always encouraged to contact teachers to schedule conferences whenever they wish to discuss their child's progress. It is best to call between 8:00 and 8:10 AM and 3:15 and 3:45 PM to schedule conferences. Please avoid unscheduled spur-of-the-moment conferences. It is best to give teachers the time to gather materials and time to sit quietly with you and share information.

### **Parent Parking**

It is essential that all posted parking, loading, and speed zone signs be obeyed. Please do not block crosswalks, make U-turns, double park, or use the staff parking lot or playground for picking up and dropping off students. Observation of posted signs and directions of school personnel will avoid ticketing by the police department who frequently monitor our parking and traffic rule compliance. Also, for the safety of all our children and as a courtesy to our neighbors, ***please refrain from making 3-point turns on Waiola during drop off and pick up.***

For the safety of our students, parents who transport Kindergarten children should drop them off on the Waiola (west) side of the building. ### **Prevention of and Response to Bullying, Intimidation, and Harassment**

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

- 1) During any school-sponsored education program or activity.

This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and it does not require a district or school to staff or monitor any nonschool-related activity, function, or program.

### **Registration/Residency/Custody**

Only students who are residents may enroll in and attend school in the district. Parents may enroll new students at the school office by presenting a certified birth certificate, proof of physical exam and immunizations, completing the required forms and paying the required fees. Proof of residency and custody is required at the time of enrollment. All necessary forms are available on the district website. Student placement will not take place on the day of enrollment. Initial placement is subject to change based upon the instructional needs of the child.

To assist the district in determining residency and legal custody, a form must be completed and required documents submitted each year. A student will not be enrolled and will not be allowed to attend school until residency and custody has been verified with the district.

### **Release During School Hours for Doctor/Dental Appointments**

From time to time it may become necessary for your child to be seen by a doctor or dentist during school hours. For safety reasons, to protect against heavy traffic and undesirable strangers, we require that all children be personally picked up by an authorized adult at the school office whenever it is necessary for the child to leave the school at times other than dismissal. The staff appreciates advance notice when children are released early. Please make sure you allow sufficient time for your child to be called from the classroom. Students will be called to the office upon your arrival to sign them out and not before.

### **Release of Information**

Records may be released to certain state and federal agencies for the purpose of research or planning, provided that no student can be identified from the information. Records may also be released if necessary to protect the health or safety of the student or other persons, or by court order. Upon request, records and information will be released to both parents if they are separated or divorced unless there is a court order preventing release to the non-custodial parent.

The records of a student who enrolls in another district will be sent to that district upon written request from the district.

Directory information which list a student's name, address, phone number, gender, grade level and place and/or parents' names and addresses may be released unless a parent requests that such information not be released. Be sure to check the appropriate box on the annual publication form.

#### **Sex Education Curriculum**

The health curriculum for grades 5, 6 and 8 contains topics dealing with sex education and infectious diseases including AIDS. The district has included these topics in the curriculum because we think they are important topics in the development of young adolescents and are required by the Illinois School Code. The state has protected your rights as a parent to refuse instruction in these areas for your children. If you do not wish to have your child instructed in sex education and/or AIDS education, please communicate this in writing to your child's teacher. If you do not wish to have your child participate in instruction on diseases, you also need to communicate this in writing to your child's teacher indicating your objection is based on constitutional grounds. Please send these notices to your child's teacher on or before the third week of school.

#### ***Sex Equity***

No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities. 11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, Suspension Procedures. A student who has been suspended may also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, Expulsion Procedures. A student who has been expelled shall also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or if the parent/guardian agrees to such transfer. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including illegal drugs (controlled substances), "look-alikes," alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement Agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

***Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling,***

or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

**Weapons**

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school may be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look alikes” of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent’s determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy’s prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

**Re-Engagement of Returning Students**

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. Re-engagement shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

### **Required Notices**

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student's parent/guardian. For purposes of these requirements, "school grounds" includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

#### **Delegation of Authority**

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property.

Teachers may temporarily remove students from a classroom for disruptive behavior. The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students found to have engaged in gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

### **Student Handbook**

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

### **Student Records**

#### ***Permanent Records***

Permanent records contain information on the student's name, parents' names, student's

birthplace and date, academic achievement and attendance. Permanent records are kept in the district for 60 years.

### ***Temporary Records***

Temporary records may include all other information which is of clear relevance to the education of a student, such as family information, ability and achievement test scores, reports of psychological evaluations, gifted education files, honors and awards received, disciplinary records, special education files and reports from persons, agencies or organizations outside the district. Temporary records are destroyed 5 years after the student has left the district.

### ***Challenges to Records***

Records are confidential and may be inspected and copied only by students and parents. Parents may challenge any entry in a student's record with the exception of grades by contacting the principal. If the matter is not resolved satisfactorily, parents may appeal the decision following guidelines in the Illinois School Student Records Act.

There is no fee to copy the first 50 pages of student records.

### ***Release of Information***

Records may be released to certain state and federal agencies for the purpose of research or planning, provided that no student can be identified from the information. Records may also be released if necessary to protect the health or safety of the student or other persons, or by court order. Upon request, records and information will be released to both parents if they are separated or divorced unless there is a court order preventing release to the non-custodial parent.

The records of a student who enrolls in another district will be sent to that district upon written request from the district.

Directory information which list a student's name, address, phone number, gender, grade level and place and/or parents' names and addresses may be released unless a parent requests that such information not be released. Be sure to check the appropriate box on the annual publication form.

### **Tardiness**

Children are considered tardy to school if they are not in their classroom by 8:20 AM for the morning session and by 12:10 PM for the afternoon session (11:55 on Wednesdays). By law, all tardies are recorded and become part of a child's permanent school file.

State of Illinois requirements for student attendance are as follows:

- Half-Day Kindergarten students must attend 2 clock hours to be considered in full attendance for that day.
- Full-Day Kindergarten/First grade students must attend 4 clock hours to be considered in full attendance for that day and 2 clock hours to be considered in half-day attendance.

- Second through Eighth grade students must attend 5 clock hours to be considered in full attendance for that day and 2.5 clock hours to be considered in half-day attendance.

There are two kinds of tardiness, excused and unexcused. An excused tardy is due to an appointment or other necessary reason to miss a short portion of the school day. Parents must write, call or stop by the attendance office and provide a reason for the tardy if it is to be excused. Oversleeping, incomplete homework, headache, sleeping-in due to a late night activity, and exhaustion due to weekend events are not acceptable excuses for coming late to school.

A pattern of tardiness may be a symptom and signal stress or other emotional factors that need to be addressed. Parents are encouraged to talk with the student's classroom teacher and the school social worker when a pattern of tardiness occurs. We will make every effort to work with parents and their children to begin school on time. Parents will be contacted to discuss the tardiness and to develop a plan to return the student to arriving on time for School.
